

In His Hands

Isaiah 49:16

November 2011

robert_peterson@sil.org

Greetings from Cameroon and Happy Thanksgiving!

I hope you were able to spend time with family and friends in giving thanks to the Lord! I spent Thanksgiving at the Daryl & Sun Youngs and definitely enjoy a feast!

Aviation continues to keep me busy here day-to-day. In addition to flying, I continue to focus on maintenance-related

projects and paperwork. The Cessna 206 in Yaoundé was built in 1972 and there have been a lot of modifications to the equipment and radios. This week I focused on developing several indexes of major maintenance or alterations that affect the schedule of maintenance as well as replacement parts. I am learning a lot about the history and specific modifications to this airplane.

On one recent flight, I carried sensitive electronic equipment for a new Christmas radio station out to an isolated village. The people were excited to see this equipment arrive and look forward to a radio station broadcasting in their own language! **Please pray for this new Christian radio station!**

I was recently in Bango for the weekend and was again reminded of the challenges and dangers of road transportation. **Thank you for your prayers for safety as we support Bible translators working in remote parts of western central Africa!**

Here are a few other praises and prayer requests.

Praises:

- 1) Spiritual encouragement and growth this month
- 2) Good progress in several areas within aviation including organizing and verifying aircraft records
- 3) Good fellowship with several Cameroonian guests who spent a few days with me.

Prayer:

- 1) Continued spiritual growth and daily dependence on the Lord
- 2) Wisdom and safety within aviation – looking to streamline documentation of some aircraft records.
- 3) For God's Spirit to work in the lives of several people that I've shared the gospel with recently

In Him,
Robert Peterson
